PRODUCTION GUARANTEE REPORT

CROP YEAR

10. The Crop year for sweet cherries is the period from the 1st day of December in any year to the 30th day of November next following.

(2) The final date for the harvesting referred to in subparagraph 1 is the 7th day of August or such other date as may be determined from time to time by the Commission.

(3) Where the harvesting of the insured acreage is not completed on the date prescribed by subparagraph 2, the insured person shall forthwith notify the Commission in writing and the Commission shall determine,

- (a) the potential production of the unharvested acreage; and
- (b) whether the harvesting was prevented by one or more of the causes of loss insured against.

- (a) the actual production obtained from the insured crop for the crop year; and
- (b) that the loss in production or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss in production resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under the contract shall be reduced accordingly.

PROOF OF LOSS

19.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form

provided by the Commission and shall be filed with the Commission not later than sixty days after,

(4) Where required by the Commission, the information given in a proof of loss form shall be verified by statutory declaration.

TIME FOR PAYMENT OF INDEMNITY

21.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and
- (b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an

arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

22. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

23. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

....., hereinafter referred to as "THE INSURED PERSON",

OF THE SECOND PART;

WHEREAS the insured person has applied for crop insurance on pears under The Ontario Crop Insurance Plan for Pears, hereinafter referred to as "the plan".

NOW THEREFORE, subject to *The Crop Insurance Act (Ontario)*, and the regulations made thereunder where in a crop year the insured person suffers a loss in the production of pears resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

INSURED CROP

1. In this contract, "insured crop" means all varieties of pears produced in Ontario.

CAUSES OF LOSS INSURED AGAINST

2. This contract insures against a loss in production resulting from drought, excessive moisture, fire blight, freeze injury, frost, hail, unavoidable pollination failure and wind damage.

CAUSES OF LOSS NOT INSURED AGAINST

3. This contract does not insure against, and no indemnity shall be paid in respect of a loss resulting from,

- (a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees;

- (b) a shortage of labour or machinery;
- (c) insect infestation or plant disease, other than fire blight; or
- (d) a peril other than the perils designated in the plan.

DURATION OF INSURANCE

4. This contract is in force for the crop year in respect of which it is made and continues in force for each crop year thereafter unless it is terminated in accordance with the regulations.

EXTENT OF INSURANCE

5.—(1) The insured person shall offer for insurance all acreage planted to the insured crop on the farm or farms operated by him in Ontario, and, subject to subparagraph 2, this contract applies to all such acreage.

(2) This contract does not apply to, and no indemnity is payable in respect of, acreage planted to the insured crop,

- (a) that was not adequately prepared for cropping purposes; or
- (b) that, in the opinion of the Commission, is not insurable.

COVERAGE

6. The coverage provided by this contract shall be determined by the Commission in accordance with section 9 of the plan.

INDEMNITY

7. The maximum indemnity payable in respect of the insured crop for the crop year shall be the amount obtained by multiplying the total guaranteed production by such established price per pound as is determined in accordance with the plan.

PREMIUM

8. The amount of premium payable by the insured person in respect of the insured crop for the crop year shall be determined and paid in accordance with the provisions of the plan.

PRODUCTION GUARANTEE REPORT

9. The production guarantee report prepared by the Commission is binding on the insured person.

CROP YEAR

10. The crop year for the insured crop is the period from the 1st day of December to the 30th day of November next following.

11.—(1) All insured acreage shall be harvested unless the Commission, upon application therefor in writing, consents in writing to the abandonment or destruction of the insured crop or any part thereof.

(2) The final date for the harvesting referred to in subparagraph 1 is the 1st day of November or such other date as may be determined from time to time by the Commission.

(3) Where the harvesting of the insured acreage is not completed on the date prescribed by subparagraph 2, the insured person shall forthwith notify the Commission in writing and the Commission shall determine,

- (a) the potential production of the unharvested acreage; and
- (b) whether the harvesting was prevented by one or more of the causes of loss insured against.

(4) Where the Commission determines that harvesting was prevented by one or more of the causes of loss insured against, the Commission may extend the time for harvesting for such period as it considers proper.

(5) Where an insured person fails to notify the Commission in accordance with subparagraph 3, no indemnity shall be paid in respect of the unharvested acreage.

EVALUATION OF LOSS

12.—(1) The amount of loss that shall be taken into account in the final adjustment of loss in respect of the total insured acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per pound.

(2) For the purpose of subparagraph 1, actual production shall include,

- (a) the total orchard run of all insured acreage; and
- (b) the potential production of wholly or partially unharvested acreage where the failure to harvest resulted from a cause of loss not insured against.

(3) Where the insured crop or any part thereof has suffered hail or wind damage to such an extent that it is unsuitable for sale, it shall not be counted as production.

(4) Notwithstanding subparagraph 3, where hailed or wind damaged pears are sold to a winery or distillery at less than the prevailing price for unblemished fruit, the actual production shall be deemed to be reduced by 75 per cent.

NOTICE OF LOSS OR DAMAGE

13.—(1) Where loss or damage to the insured crop results from one or more of the perils insured against, the insured person shall notify the Commission in writing prior to harvest in order that a pre-harvest inspection may be made.

(2) Notwithstanding subparagraph 1, where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within the following time limits:

1. For hail or wind damage, within three days of the time of loss.
2. For frost damage or freeze injury occurring before full bloom, by full bloom time.
3. For frost damage or freeze injury occurring during or after full bloom, within three days of time of loss.
4. For pollination failure, as soon as the loss is apparent, and in any event before the 30th day of June in the crop year.

(3) Where the insured person fails to notify the Commission pursuant to subparagraphs 1 and 2, a claim by the insured person is invalid and his right to indemnity is forfeited.

MISREPRESENTATION, VIOLATION
OF CONDITIONS OR FRAUD

14. Where the insured person,

- (a) in his application for insurance,
 - (i) gives false particulars of the insured crop to the prejudice of the Commission, or
 - (ii) knowingly misrepresents or fails to disclose any fact required to be stated therein;
- (b) contravenes a term or condition of the contract of insurance;
- (c) commits a fraud in respect of the insured crop; or
- (d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

WAIVER OR ALTERATION

15. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

INTEREST OF OTHER PERSONS

16. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the crop; and
- (b) except as provided in paragraph 17, no indemnity shall be paid to any person other than the insured person.

ASSIGNMENT OF RIGHT TO INDEMNITY

17. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission consents thereto in writing.

ADJUSTMENT OF LOSS

18.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method that it deems proper.

(3) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) the actual production obtained from the insured crop for the crop year; and
- (b) that the loss in production or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss in production resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under this contract shall be reduced accordingly.

PROOF OF LOSS

19.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year,

whichever is the earlier.

(2) Subject to subparagraph 3, a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

(a) in the case of the absence or inability of the insured person, by his agent; or

(b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 17.

(4) Where required by the Commission, the information given in a proof of loss form shall be verified by statutory declaration.

ARBITRATION

20. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

TIME FOR PAYMENT OF INDEMNITY

21.—(1) No indemnity under this contract becomes due and payable until,

(a) the end of the crop year; and

(b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

22. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

23. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

NOTICE

24.—(1) Any written notice to the Commission shall be given by delivery thereof or by sending it by mail to the Commission.

(2) Written notice to the insured person shall be given by delivery thereof or by sending it by mail addressed to him at his last post office address on file with the Commission.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this contract of insurance to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

LE RÉGIME DES CRÉDITS D'IMPÔT DE L'ONTARIO

Règles et indications générales

Crédit d'impôt foncier

- Le crédit d'impôt foncier de l'Ontario peut être demandé par tous les particuliers qui étaient résidents de l'Ontario le 31 décembre 1973, *sauf*,
 - a) les personnes âgées de moins de 16 ans à la fin de 1973, et
 - b) les personnes âgées de moins de 21 ans à la fin de 1973 qui habitent à la maison et sont comptées comme personnes à charge.
- Le crédit d'impôt foncier doit être demandé par le conjoint ayant le revenu imposable le plus élevé.
- Pour déterminer le coût d'habitation, vous ne devez compter que l'impôt foncier ou le loyer de votre *résidence principale*. Vous ne pouvez faire entrer dans le coût d'habitation l'impôt foncier ni le loyer d'une résidence secondaire ou d'un chalet.

Crédit de taxe de vente

- Toute personne résidant en Ontario le 31 décembre 1973 peut demander le crédit de taxe de vente de l'Ontario, *sauf*:
 - a) les personnes âgées de moins de 16 ans à la fin de 1973, et
 - b) les personnes comptées comme personnes à charge aux fins de l'impôt sur le revenu par tout autre résident de l'Ontario.

Crédit d'impôt aux pensionnés

- Toute personne qui était âgée de 65 ans ou plus à la fin de 1973 et résidait en Ontario le 31 décembre 1973 peut demander le crédit d'impôt aux pensionnés de l'Ontario, *sauf* que, dans le cas où le mari et la femme étaient âgés tous deux de 65 ans ou plus à la fin de ladite année et habitaient la même résidence privée, seul le conjoint ayant le revenu imposable le plus élevé peut demander ce crédit. Si aucun des conjoints n'a un revenu imposable, le crédit peut être demandé soit par l'un, soit par l'autre, mais non par les deux.
- Lorsqu'un seul des conjoints est âgé de 65 ans ou plus, c'est ce conjoint qui peut demander le crédit.

Résidence principale

Par «résidence principale» on entend le logement qui était habituellement occupé ou habité pendant l'année d'imposition. Dans le cas d'une personne qui déménage, la résidence principale comprend tous les logements (ou les adresses en Ontario) qu'elle a occupés ou habités pendant l'année d'imposition.

On doit faire un calcul proportionnel du montant annuel des impôts fonciers ou du loyer afin de ne compter que la période pendant laquelle un logement a servi de résidence principale. La résidence principale comprend une résidence temporaire, par exemple une chambre d'hôtel que le particulier a occupée de façon continue pendant la totalité ou une partie de l'année, et comprend également un logement mobile, comme une roulotte, lui ayant servi de résidence principale.

Coût d'habitation

Par «coût d'habitation» il faut entendre

- a) la totalité de l'impôt foncier versé à l'égard de la résidence principale pour l'année d'imposition, ou
- b) 20% du loyer total (à l'exclusion de tout montant payé pour les repas ou l'hébergement) versé à l'égard de la résidence principale pour l'année d'imposition.

Conjoint ayant le revenu imposable le plus élevé

Lorsque les conjoints habitent la même résidence principale, le crédit d'impôt foncier et (ou) le crédit d'impôt aux pensionnés de l'Ontario doivent être demandés par le conjoint ayant le revenu imposable le plus élevé, quel que soit celui qui détient le titre de propriété de la résidence principale.

Cas particuliers

Personnes qui poursuivent des études au niveau post-secondaire

Lorsque la résidence principale d'un particulier qui poursuit à plein temps des études au niveau post-secondaire se trouve dans un logement (prescrit par les Règlements) tenu par une université ou un collège de l'Ontario, le coût d'habitation à l'égard de cette résidence est limité à \$25.

Autres particuliers

Les particuliers suivants sont aussi admis à demander le crédit d'impôt foncier de l'Ontario:

- a) locataires de logements subventionnés,
- b) locataires de logements pour personnes âgées,
- c) usufruitiers viagers,
- d) particuliers effectuant des paiements en vertu d'un contrat de vente, et
- e) particuliers qui sont décédés au cours de l'année et au nom desquels on produit une déclaration d'impôt sur le revenu.

Diplomates et militaires étrangers

Les diplomates, les représentants de gouvernements étrangers et les militaires étrangers non tenus de produire une déclaration canadienne d'impôt sur le revenu n'ont pas droit aux crédits d'impôt de l'Ontario.

N.B. Les crédits d'impôt de l'Ontario sont versés dans le cadre du régime d'impôt sur le revenu. Après le calcul des crédits auxquels vous avez droit, reportez-en le montant à la ligne 48, en page 1 de votre déclaration d'impôt sur le revenu.

- (a) "absorption trench" means an excavation in the soil being part of a leaching bed in which a distribution pipe will be or is laid and which allows leaching;
- (b) "combined working capacity" means the sum of the working capacities of a septic tank or septic tanks or a holding tank or holding tanks in a sewage system;
- (c) "distribution box" means a device for ensuring that settled sewage is distributed in equal amounts through a distribution pipe in a leaching bed;
- (d) "distribution pipe" means a line or lines of perforated or open jointed pipe or tile

- installed in a leaching bed for the purpose of dispersing sewage to the soil in the leaching bed;
- (e) "earth pit privy" means a latrine consisting of an excavation in the ground surmounted by a superstructure;
- (f) "gallon" means an Imperial gallon;
- (g) "garbage grinder" means an apparatus or device installed in a building for grinding kitchen waste material;
- (h) "ground water" means water below the surface of the ground occupying a zone of the earth's mantle that is saturated with water;
- (i) "ground water table" means the elevation of the upper surface of the ground water existing in the area of the sewage system;
- (j) "hauled sewage" means sewage that is not finally disposed of at the site where it is produced or which is not carried away by a sewer approved under *The Ontario Water Resources Act*, and that is stored or retained at the site where it was produced for periodic collection, handling, treatment, transportation, storage or processing prior to final disposal at a place other than where it was produced;
- (k) "hauled sewage system" means works, installations, equipment, operations and land used in connection with the collection, handling, treatment, transportation, storage, processing and disposal of hauled sewage but does not include equipment used for the storage or retention of sewage at the site where it is produced;

NOW THEREFORE, subject to *The Crop Insurance Act (Ontario)* and the regulations made thereunder, the contract of insurance between The Crop Insurance Commission of Ontario and the insured person is hereby extended to cover onions grown from seed.

HARVESTING OF PLANTED ACREAGE

1.—(1) All acreage planted to onions in a crop year shall be harvested unless the Commission, upon application therefor in writing, consents in writing to,

- (a) the use of the planted acreage or any part thereof for another purpose; or
- (b) the abandonment or destruction of the insured crop or any part thereof.

(2) The harvesting referred to in subparagraph 1 shall be completed not later than the 31st day of October or such other date as may be determined from time to time by the Commission.

EVALUATION OF LOSS

2. For the purposes of determining the loss in production of onions in a crop year and the indemnity payable therefor, the value of the crop shall progress through the stages prescribed in paragraphs 3 and 4.

STAGE 1

3.—(1) Stage 1 comprises the period from the date on which the planting of acreage to onions is completed to and including the 31st day of May in the crop year.

(2) When loss or damage occurs in Stage 1, the Commission, upon application therefor in writing by the insured person, may consent in writing to,

- (a) the replanting of the damaged acreage, provided that the replanting is completed not later than the 31st day of May; or
- (b) the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage.

(3) Where damaged acreage in excess of one acre is replanted to onions in accordance with clause a of subparagraph 2, the Commission shall pay an indemnity of \$170 for each acre replanted and the contract of insurance shall continue to apply to such replanted acreage.

(4) Where the damaged acreage is used for any other purpose or the insured crop is abandoned or destroyed in accordance with clause b of subparagraph 2, the Commission shall pay an indemnity of \$170 per acre and the contract of insurance shall terminate with respect to such acreage.

(5) Notwithstanding any application made in writing by the insured person under this paragraph, the Commission may, where loss or damage occurs in Stage 1, notify the insured person in writing that it intends to terminate the insurance coverage on such damaged acreage and, in such case, no further indemnity shall be payable in respect of the damaged acreage.

STAGE 2

4.—(1) Stage 2 commences on the 1st day of June in the crop year and, with respect to any part of the planted acreage, ends on completion of harvesting.

(2) Where loss or damage occurs in Stage 2, the Commission, upon application therefor in writing by the insured person, may consent in writing to the use of the damaged acreage for any other purpose or to the abandonment or destruction of the insured crop on such damaged acreage and, in such case, the Commission shall determine the number of

damaged acres and the potential production thereof and the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the amount by which the guaranteed production for the damaged acreage exceeds the potential production determined therefor by the established price per bag.

(3) Where damaged acreage is not used for any other purpose or the crop thereon is not abandoned or destroyed after the Commission has consented thereto, the amount of loss calculated under subparagraph 2 shall not be taken into account in the final adjustment of loss.

(4) Where the actual production of the acreage harvested is less than the guaranteed production for such acreage, the amount of loss that shall be taken into account in the final adjustment of loss in respect of the total planted acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per bag.

FINAL ADJUSTMENT OF LOSS FOR TOTAL PLANTED ACREAGE

5.—(1) The indemnity payable with respect to the total planted acreage in the final adjustment of loss shall be the sum of all Stage 1 and Stage 2 loss calculations applicable to such acreage, but subject to subparagraph 2, where,

- (a) the actual production of any harvested acreage; or
(b) the potential production of any unharvested acreage,

exceeds the guaranteed production of such acreage, the indemnity otherwise payable shall be reduced by the amount obtained by multiplying such excess by the established price per bag.

(2) Notwithstanding subparagraph 1, no indemnities paid in Stage 1 shall be subject to reduction under this paragraph.

(3) In no case shall indemnity be paid for acreage in excess of the total insured acreage.

DAMAGE AFTER HARVEST

6. No indemnity shall be paid in respect of any loss or damage suffered by the insured crop after combining and in no case shall any indemnity be paid with respect to onions in storage.

INCORRECT ACREAGE IN FINAL ACREAGE REPORT

7.—(1) Where the actual planted acreage of onions in a crop year is less than the planted acreage declared on the final acreage report, the total guaranteed production and the amount of insurance shall be reduced proportionately.

(2) Where the actual planted acreage of onions in a crop year exceeds the planted acreage declared in the final acreage report, the guaranteed production shall be reduced proportionately.

Hypertension — Fixed Combination Drugs

A fixed combination drug is not indicated for initial therapy of hypertension. Hypertension requires therapy titrated to the individual patient. Recognizing this, if the fixed combination drug meets that titrated dose of its individual components, its use may be more convenient in the management of the individual patient. The treatment of hypertension is not static, it must be re-evaluated as conditions in each patient warrant.

Oral Contraceptives — Grouped According to Estrogenic Content

The products listed together in any given category are considered to be comparably effective when used as ovulatory suppressants. However, it is recognized that there may be a variation in adverse effects among these products as well as a variation in their application when they are used for purposes other than contraception. For this reason, selection of the appropriate agent must be based on professional judgement to meet the individual requirements of the patient.
